Dear Hospitality or Restaurant employer,

- Would you like a larger refund from your Retro program?
- Would you like better personal service from your Retro program?
- Would you like a group program that stays out of politics while providing more services to you at lower cost?
- Would you like a claims management company that serves as an address of record for your L&I paperwork?

This is an invitation to be part of a cutting edge Retro program for the hospitality industry

NationWide Contractors' Alliance is a private association without any political or government affiliation working to fulfill a need and offer another option to the hospitality industry. We are building our hospitality membership base to launch a cutting edge Retro program for 2014! With low membership dues and a no-drama approach we want to help maximize refunds and assist in lowering experience factors for our members. This plan will reward our Retro participants with quicker, more substantial Retro refunds!

You are invited to be part of this special opportunity, here are a couple of options to consider:

Option 1: PLAY IT SAFE

- Join NWCA for only \$100 by 12/31/12 so that you may qualify for participation in the new program on January 1, 2014 (L&I requires one year membership in order to qualify). Continue participation in your current Retro for 2013 --- but start getting information on the new resources available to you.
- Transfer to the new program on January 1, 2014, with no loss of any refunds due to you. Continue your membership in the NWCA for the special price of \$100 per year for Retro participants.

Option 2: PLAY IT SAFE PLUS

- Join NWCA for only \$100 and obtain active claims services utilizing our Rapid Response Program for 3% of L&I premiums paid as you pay premiums quarterly. For 2013, this is a services only non-retro option.
- Continue in your present program or discontinue your participation as you see fit.
- Transfer to the new program on January 1, 2014, with no loss of any refunds due to you. Continue your membership in the NWCA for the special price of \$100 per year for Retro participants.

NWCA'S CUTTING EDGE FEATURES

- Rapid Response claims reporting....assuring employees get the services they deserve faster and get back to work
- Professional claims management services that handle all L&I claims for the employer
- Online safety and prevention education
- Visit-less inspections....complete on your own time with helpful staff via fax, mail, e-mail or phone (and web too!)
- No Kept On Salary....only enhanced Return To Work with partial reimbursement by L&I
- Reasonable selection criteria to assure feasible yet maximized refunds

My staff will be in contact with you soon to discuss the options.

Sincerely,

Treacy Duerfeldt

NationWide Contractors' Alliance

P.S.: We're working with established and familiar resources who are aware of your current issues.
